

COMMUNICATION 010

It is with sadness and regret that we inform you of the death of a former Member of the Technical Committee and Senior Judge of the NZ Ice Skating Association.

Graeme Sheppard

He passed away on November 15th at the age of 59.

Graeme was an International Roller Skating Skating Judge who also used his knowledge to assist Ice Skating. Better known to the Auckland skaters as his first love was Roller with the two disciplines often clashing not allowing Graeme to officiate at our National Championships.

Graeme has battled cancer for some time, going in to remission for a short period allowing him to continue to judge medal tests in Auckland even when in obvious pain. His laughter and jovial nature will long be remembered by all of us that knew him.

Wendy Clucas
President
